VISIT TO THE STAZZO

Discovering the farmhouses and the simple rural life of Gallura

Visit to a 19th century Stazzo Museum, which showcases the uses and customs of the times through ancient places and objects.

The stazzo, a typical Gallura farmhouse, includes stables with animals (cows, goats, hens, peacocks) where you will learn the fundamentals of working in the traditional life of the fields of the region.

An interesting itinerary especially for children, who love to get to know all the animals that make up the community of each farm.

PRICE starting from € 100 per person

Maximum 4 people
