

ABI EXPERIENCES

JET SKI

Discovering the coast and its seaside villas

The Marinella beach, in front of the hotel, is the perfect place to practice the sport of jet skiing, an exciting and adrenaline-pumping experience. Driving the jet ski requires a certain level of skill and knowledge of safety rules, but an experienced guide will choose the most suitable one for you.

The jet ski offers a fun and dynamic way to explore the coast and the sea. The feeling of freedom you get when running on water, combined with the possibility of exploring new places and landscapes, makes jet skiing a very popular activity for our guests, who fully enjoy the beauty of the Sardinian coast and the architecture of its villas.
