

ABI EXPERIENCES

## VESPA TOUR

*Around the coast with the wind in your hair*

A rental Vespa tour to discover the Porto Rotondo area and the Costa Smeralda is an exciting experience to enjoy during the summer. Riding a Vespa in this area of Sardinia offers the opportunity to explore the beaches, move around the towns with ease, and fully enjoy the magnificent landscapes.

The Vespa also offers the possibility to explore the area in a more authentic way, experiencing the retro 50s riding experience. The Vespa is in fact an iconic Italian motorcycle, known for its unmistakable style. It's also extremely practical, thanks to its compact size and maneuverability. The cool wind you feel while riding makes it a perfect choice for getting around during hot summer days.
