

ABI EXPERIENCES

AMONG THE ROCKS OF GALLURA

Trekking route: via ferrata with zipline and Tibetan bridge among the spectacular rocks of La Contea di Rena

The multifunctional farm La Contea di Rena is 30 km from the hotel. It offers a trekking route of about 2.5 km that can be covered independently with low difficulty and clear signage. The route is also suitable for families with children.

The route is exciting, consisting of a via ferrata, a Tibetan bridge, a military bridge and two ziplines (cables), one of 200 meters and the other of 160 meters. This guided aspect of the experience is always also good for beginners. To participate, guests should not suffer from vertigo, be in good physical condition, be at least 14 years old and taller than 1.50 cm. More information at the concierge.
